

PAINT CARVING WITH AMANDA ROWEN

The Tanks Art Centre, Collins Avenue, Edge Hill

Sat April 22 and Sat May 6

10.30 – 1.30pm

This unique technique combines elements of printmaking and painting into an entirely new artform and is suitable for participants aged 15 and up. I will help you create your own design, or you can use one from a range of provided images.

The artwork is made by carving into 33 layers of acrylic paint using lino carving tools, to gradually reveal your design. The workshops go for around three hours and you will get to take your artwork home afterwards.

The boards are 140 x 140mm square, so if you do bring your own design, keep those dimensions in mind. The boards will have white and one other colour on top and a 2-colour design will work well i.e. black and white.

Cost: \$55

What to bring:

- 1. Your carving designs if you want to use your own artwork**
- 2. If you have lino carving tools, please bring them**
- 3. Lunch/snacks**
