

Claire Randall Art

Modern Watercolour

Retired registered nurse started painting following back surgery in 2019 and fell in love with the medium of watercolour. Self-taught artist, I enjoy exploring the relationship between the paper, the paint and the water.

As an emerging artist I try to capture the beauty of the Cairns region, inspired by our tropical rainforests, stunning coastline, and the Great Barrier Reef.

Winner of the TYTO Birdlife Art Awards 2021 (best watercolour), I have had works displayed at galleries and exhibitions in Queensland and have artworks sold throughout Australia and internationally.

All my paintings are original paintings, painted on high quality European 300gsm Hahnehmuehle watercolour paper. I use artist grade Holbein, Sennelier and Schminke watercolour paints.

All my art is protected under copyright and is not for reproduction.

Thank you for looking and have a lovely day

Claire Randall - Cairns artist.
